Add phone number?

If you like, you can add this phone's number to your account for use across Google services. [Learn more](#)

For example, your number will be used to

-  Reset your password if you forget it
-  Receive video calls and messages
-  Make Google services, including ads, more relevant to you

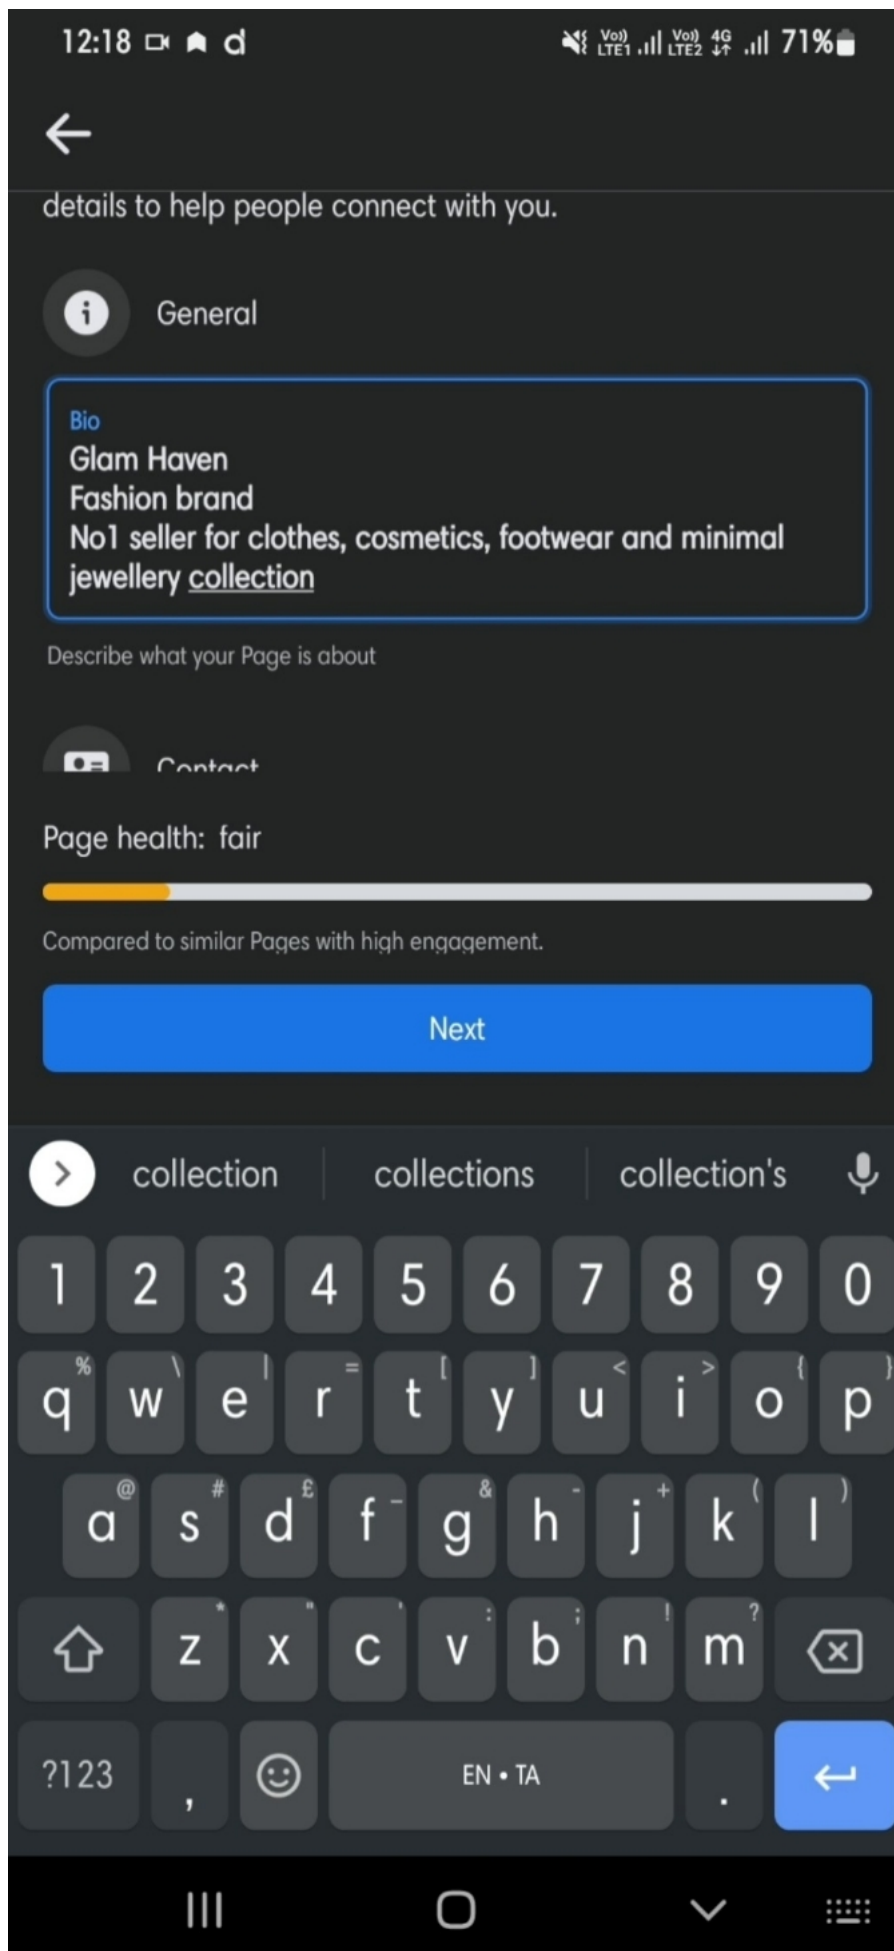

How it works

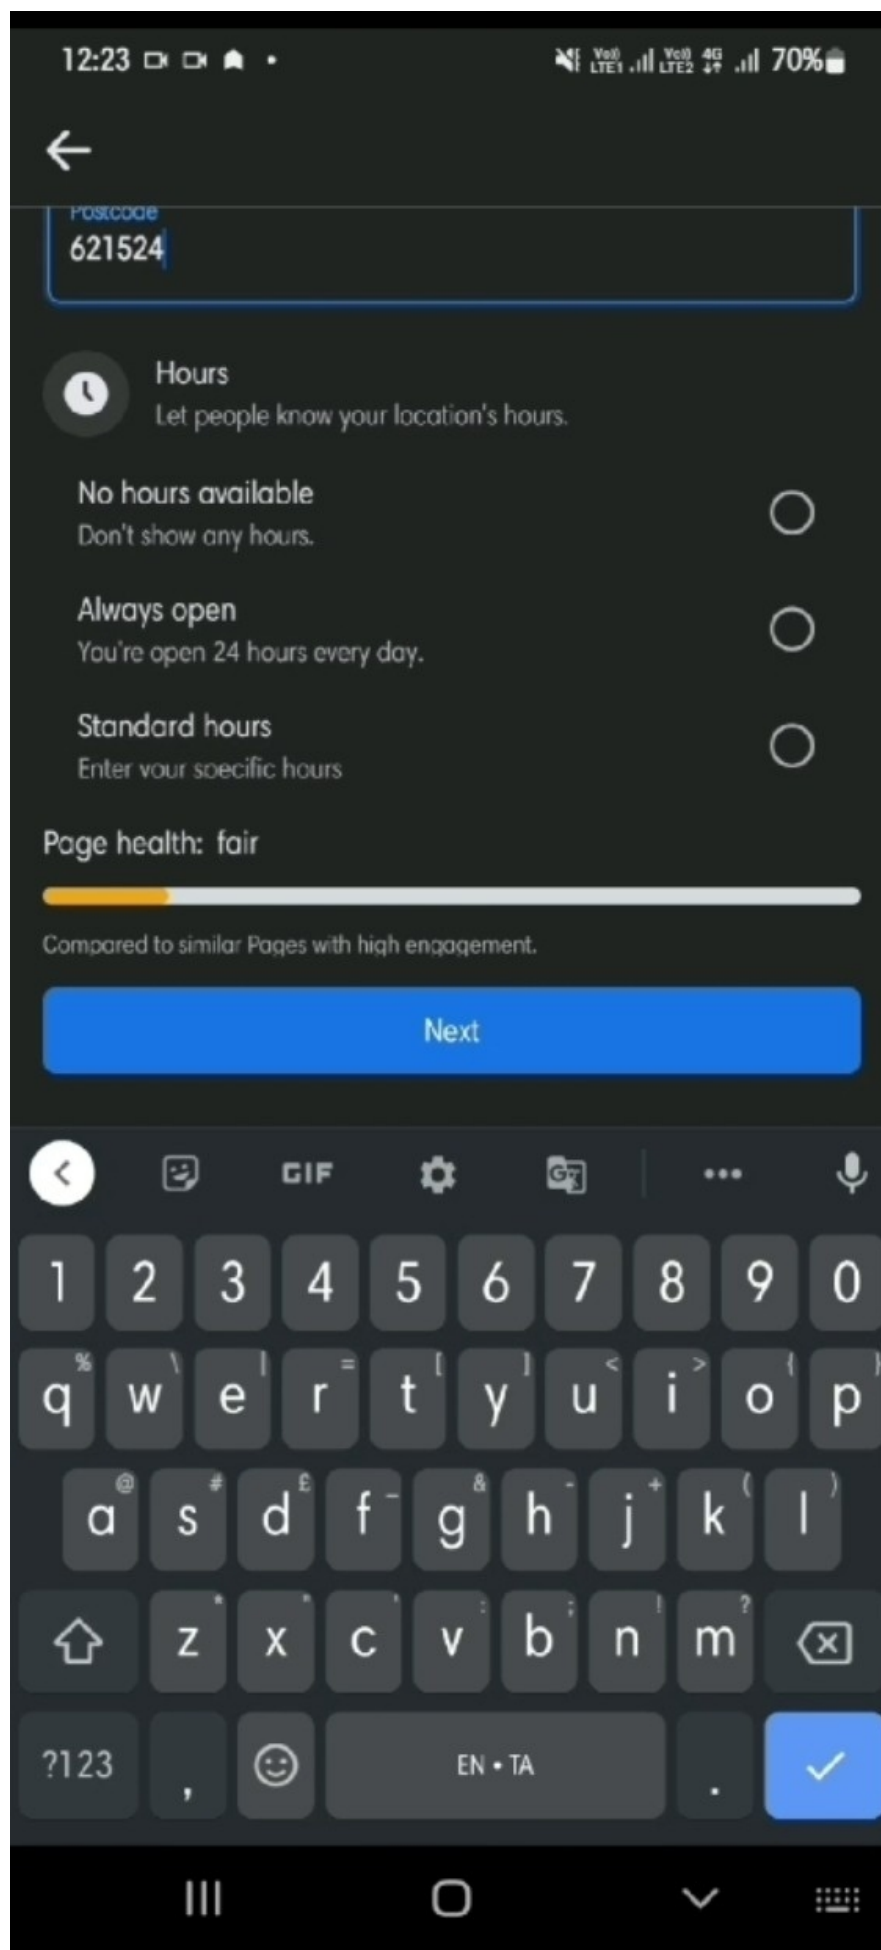

-  To check that your number is current, Google and your operator may exchange device info, or use background calls or SMS. Standard rates may apply.
-  Any number verified on this device will be added to your Google Account

You're in control

-  This won't make your number public
-  You can always change your number, control how it's used or remove it in your Google Account (account.google.com/phone)
